

Better Bass Fills!

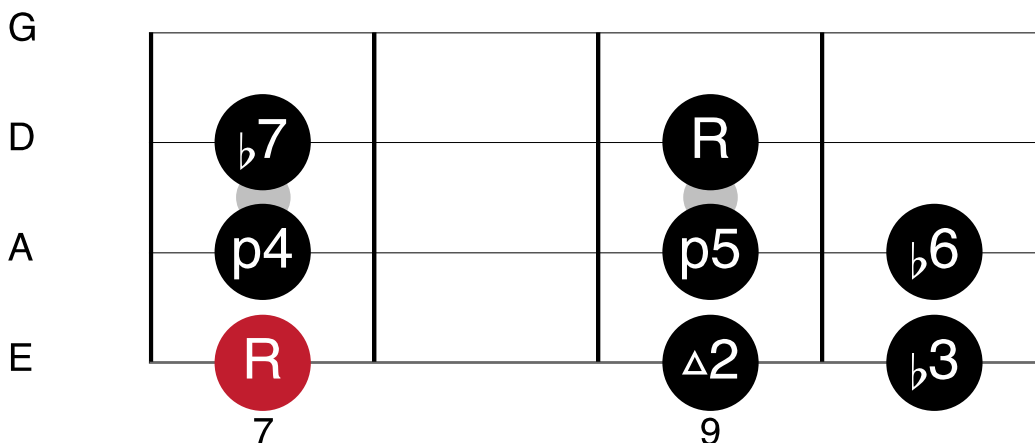

Make sure you learn this minor 12 Bar Blues chord progression off by heart.

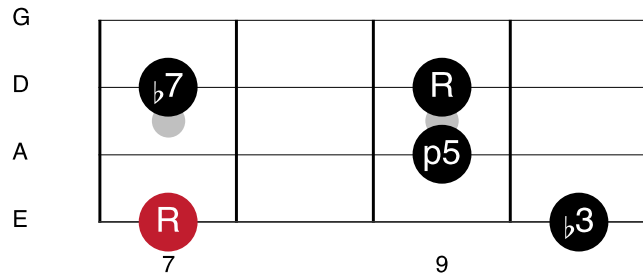

These are the patterns I used in the lesson. They'll provide you with plenty of choice notes to use for your lines and fills. Download the backing track and get creating!

The key is B Minor. That's important to know as then you can select the scale that fits to the key.

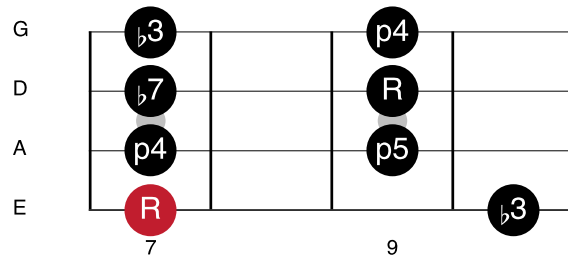

B Natural Minor

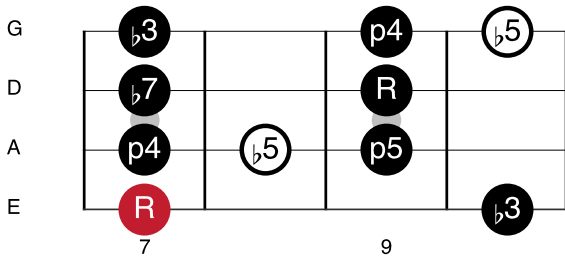

Minor Seventh Arpeggio

Minor Pentatonic Scale

Minor Blues Scale

The shapes above can be used for bass lines, solos, and fills. Work them out in different keys, and also figure out different patterns all over the fretboard.
